

BOMBER OF THE YEAR NOMINEE - U11 B - PARKER GLOVER

Parker shows up every day ready to learn, put in the work and get better as a player and a person. He has been a treat to coach. His ability to take instruction, focus on what his coaches are teaching and take in information has made him our most improved player this season.

Parker plays heads up, passes first defense and because of this he is continually making game breaking plays on both sides of the puck.

Parker displays what it means to be a bomber off the ice as well. Always representing us with pride while around the rink and in the community.

Congratulations Parker!

BOMBER OF THE YEAR NOMINEE - U11 A - JAXON GALONI

Jaxon Galoni has been the backbone of the U11A team this season, proving himself a very well-deserved recipient of the Junior Bomber of the Year award. While Jaxon has always possessed an abundance of natural goaltending talent, this year he reached a new level by pairing that skill with more focus and determination than ever before. He is the ultimate "big game" goalie - someone who thrives under pressure, consistently makes the saves he's supposed to, while reliably stealing a few "unstoppable" shots that leave the opposition stunned and the crowd going wild! No matter the situation - even when faced with last-minute lineup shifts or a surprise start - Jaxon is always ready to go without a single complaint or an ounce of hesitation. His all-around reliability has earned him a massive amount of respect from his coaches and his teammates. The team knows that whenever Jaxon is between the pipes, they have a chance to win every single game!

Congratulations Jaxon!

BOMBER OF THE YEAR NOMINEE - U11 AA - LUCAS FELKER

The U11 AA Bomber of the Year nominee is Lucas Felker.

On the ice Lucas is a tenacious player who gives maximum effort on every drill at practice and in all zones during games. He has developed from a pure goal scorer to a complete player who is proficient 5 on 5, on the power play and penalty kill. He is a difference maker on every shift with an infectious energy who never backs down.

Off the ice he is a quiet leader who leads by example. He is always ready to go and never needs reminders to be focused. He listens to instructions intently and will ask questions that demonstrate his understanding of the game as well as his desire to be a team player and deliver on the coaches' expectations.

Lucas is a pleasure to coach. He has been a significant contributor to the U11AA successful 2025-26 season.

Congratulations Lucas!

BOMBER OF THE YEAR NOMINEE - U12 B - HENRY MCDONALD

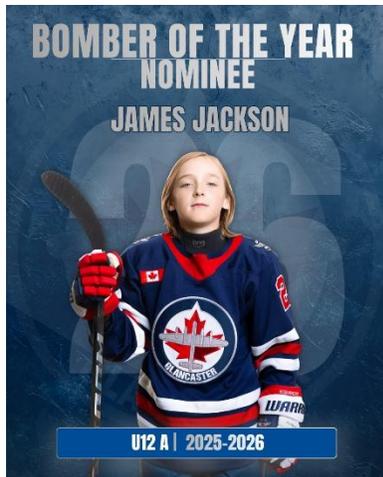

The U12B Junior Bomber of the Year nominee is Henry McDonald.

Henry is a smooth skating defenseman who is hard to beat and has the patience with the puck to make the right play. While always eager to be on the ice, Henry is a tireless worker in both practices and games always putting his defensive responsibilities first. In addition, being a 2 sport athlete, also competing in Ju Jitsu, Henry has helped at times with the Glanbrook Hockey School when needed.

Henry is a great teammate and easy to coach and has been a very important part of our team for the past 3 years.

Congratulations Henry!

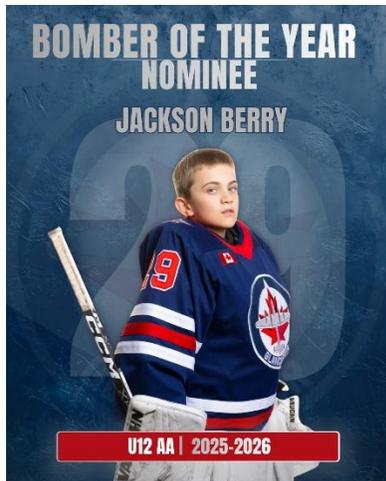

BOMBER OF THE YEAR NOMINEE - U12 A - JAMES JACKSON

The U12A team is lucky to have a teammate like James. James's leadership on and off the ice is second to none. He has been a very strong player for our group this year. James is a very coachable kid with a great work ethic. He is never shy to get the boys prepared for a game. He may be quiet, but he is a fierce competitor who will always bring his A game.

Congratulations James!

BOMBER OF THE YEAR NOMINEE - U12 AA - JACKSON BERRY

The U12AA team is extremely proud to nominate Jackson Berry as our Bomber of the year!

Jackson is a very focused and dedicated player who routinely goes above and beyond expectations as a teammate. Jackson is consistently the first player to arrive to the arena, for both practice and games, and uses his extra time to prepare for the Skate. He approaches every skate with the same intensity and focus, helping his teammates prepare for big games.

Jackson has played in big games for his team all year with a consistent positive attitude to preparation and the result. He is often seen pumping up his teammates before a big shift and supporting them when needed.

When his coaches have challenged him, he has always responded, elevating his game and stepping up in big moments. His consistency under pressure as a goalie is a source of inspiration for his teammates.

Away from the ice, Jackson is a positive role model for the Bombers organization. He is a fantastic big brother, and friend to everyone he interacts with. He is recognized for his great character by his teachers and adult influences in his life. His example far exceeds the expectations of the Bombers organization.

On a personal level, his coaches will always appreciate his anecdotal contributions to pregame preparation in the change rooms to lighten the mood. His energy and passion for competition worn on the sleeve, he is a Bomber through and through. Jackson, you are a tremendous young athlete and even better young man.

Congratulations on earning this nomination.

Congratulations Jackson!
